

The Realm of Infinite Healing by Mikhaila Stettler

Enter the realm of infinite healing
where all sorrows are washed away

Bathe in the healing energy pools,
Soak in swirling colors of most subtle emotion,
So far up the spectrum only your inner eye can see

Surrender your heartbreaks, your traumas,
Lay down despair and regret
Feel them dissolve, let your soul heal

This is the realm where all is made whole
Seen and understood with infinite compassion
Receive the blessing from the healing angel of mercy.
